HOW TO CHANGE YOUR SUBSCRIBED EMAIL ADDRESS

Published: November 2020

This document describes how to change your subscribed email address for one or more of the SI Community Forum mailing lists.

1. INTRODUCTION

The SI Community Forums Project runs a number of mailing lists (termed 'forums' or 'email forums'). Subscribers can change their subscribed email address for these forums whenever they wish, without needing to ask the forum moderators for assistance.

2. WHAT YOU WILL NEED

To change your subscribed email address, you will need:

- An email from any forum you are subscribed to
- To be using a device (PC, phone, laptop, tablet) that has a web browser on it, and has access to the internet

4. OPEN AN EMAIL FROM ONE OF THE FORUMS

At the bottom of every email sent out by the forum platform are a set of control buttons. You may need to scroll down to the bottom to find them:

| The Demo Forum | |
|---|-------------|
| Post to: The Demo Forum (demoforum@siforums.or | g.uk) |
| Manage Your Subscription Click | Unsubscribe |

5. **REGISTER FOR A PROFILE**

If you don't have a Forum System profile, click on the 'Register' tab. You will see a second form:

6. IF YOU ALREADY HAVE A FORUM SYSTEM PROFILE

If you have not followed Step 5 above, and you **already have** a Forum System profile, using a web browser, visit <u>http://mailinglists.siforums.org.uk</u>

You will see a page that lists all the forums on the system. Here's part of that page.
